July 21, 1995

Dear Mr. Peck,

Thank you for your data submission to the Environmental Protection Agency (EPA) for listing under the Significant New Alternatives Policy (SNAP) program. Your submission was reviewed and information relevant to your substitute is summarized below.

Substitute Name: [Powdered Aerosol] C
Trade Name: FEAS
Air Docket Number A-91-42: VI-D-100

Substance(s) the substitute will replace: Halon 1301
Sector(s): Fire Suppression and Explosion Protection
End-use(s): Total Flooding Agent, Normally Unoccupied Areas

Date Submission Received: March 13, 1995
Status of Submission: Total Flooding - Complete
Streaming - Incomplete

Listing Decision: Total Flooding - Acceptable
Streaming - Pending

EPA is planning to list this agent as Acceptable for use in normally unoccupied areas. Use conditions to limit the risk of inadvertent exposure to personnel in normally unoccupied areas may be included in future rulemakings.

EPA is listing this agent as Pending for use as a streaming agent until further information is provided to support your application.

Listing of your agent as Acceptable will be included in the next SNAP Notice which will be published in the Federal Register in the near future.

If you have questions about your submission, please contact me at (202) 233-9193, or fax (202) 233-9577.

Sincerely,

A handwritten signature in cursive script, appearing to read "Karen Metchis".
